

# GLUE-OFF (LIQUID GOLD)

## TECHNICAL DATA SHEET

**CLASSIFICATION:** Heavy duty citrus based (d-Limonene) mastic and glue remover, and degreaser / deodorizer / grease trap and floor drain maintainer

**PACKAGING:** 4L (1 gal) Jug | 20L (5.2 gal) Pail

### DESCRIPTION:

- ⇒ **Glue-Off** is an extremely concentrated (over 90% active), mastic and glue remover, and a heavy duty degreaser based on d-Limonene, which is the main component of citrus peel oil.
- ⇒ **Glue-Off** is designed for use where heavy soil, oil or grease is present and needs to be removed quickly and efficiently. It is recommended for use on floors (not coated with floor finishes) and other hard surfaces. It is safe to use on marble, terrazzo, granite and concrete.
- ⇒ **Glue-Off** is extremely effective as a floor drain maintainer and deodorizer.

### CHEMICAL AND PHYSICAL PROPERTIES

|                                 |  |                   |                  |
|---------------------------------|--|-------------------|------------------|
| <b>APPEARANCE:</b>              | Clear Orange Liquid                          | <b>ODOUR:</b>     | Orange           |
| <b>pH, CONCENTRATE:</b>         | 5.0 - 7.0                                    | <b>pH, 1:10:</b>  | 6.0 - 8.0        |
| <b>SPECIFIC GRAVITY:</b>        | 0.88   | <b>VISCOSITY:</b> | Less than 20 cps |
| <b>COVERAGE (1:10 dilution)</b> | Approx. 4,000 sq ft per liter of concentrate |                   |                  |

### USE INSTRUCTIONS:

- **For Glue Removal:**  
Apply at a 1:5 dilution (or at full strength if required). Allow to sit 5 - 10 minutes. Use a low-speed floor machine equipped with an appropriate brush to scrub; and rinse with warm water.
- **For Carpet Stain Removal:**  
Apply at a 1:7 dilution. Allow to soak 2 minutes and blot with a clean cloth.
- **For Asphalt and Tar Removal:**  
Apply at a 1:5 dilution to full strength. Allow to sit 5 minutes. Scrub and rinse with hot water.
- **For General Degreasing:**  
Start at a 1:10 dilution for general heavy-duty degreasing.
- **To Use in Floor Drains:**  
Add 300-600mL of concentrated Glue-Off to a 5 gal/20L pail of water. Add to drain as required to deodorize.

See Material Safety Data Sheet for Proper Handling and Safety Instructions.
